```java
package lib2;

import java.io.File;

public class TestFile {

    public static void main(String[] args) {
        var t = new File("c:\\imaginnovate3");
        System.out.println(t.exists());
        System.out.println(t.isFile());
    }

}
```
